

# LIFELIGHT

## English Ministry Report 2018

This year in Life Light Ministry we have had opportunities to see God working ways that we are encouraged to see. We have had an increase in the number of visitors as well as returning visitors people from the greater Boston area. While we are looking for a pastor to help the congregation in following God's Will during 2019, His work among the congregation is evident. The leadership team has been faithfully serving the church body by leading Sunday School. In addition to this we have also been encouraged by the number of young adults who have been more involved in the leadership of both the Weeknight Bible study, as well as the organization and leading of worship teams on Sunday Mornings. The Life Light Ministry participated in the Christmas Ministry called "Project Angel Tree". In doing so, the congregation was able to provide Christmas presents for 13 children whose parents are incarcerated in prison.

As the year moves on, we are continuing our series "Heaven and Earth", looking the Bible to see how God has created us to be a relationship with Him, how that relationship has been broken through our sin, and how God has fixed that through the finished work of His Son, Jesus.
